## Expert protection for your electric car

Zurich electric car insurance provides peace of mind to you, your family and your business. When you are passionate about something, you protect it in the best way.

## Key features and benefits\*

### Electric Car Insurance Discount

- Zurich provides our electric car customers with discounted motor insurance
- Rewards sustainable motoring and is part of the suite of governmental and other financial incentives that are designed to stimulate electric car ownership

### Specialist Breakdown Assistance

- Zurich offers our electric car customers market-leading, specialist, 24 hour roadside breakdown assistance
- Addresses the issue of 'range anxiety', which is the fear that some electric car owners may have, that they will run out of charge mid-journey

**Re-charging:** your electric car will be taken for free to the nearest public charge point, or your home charge point (whichever is the nearer), if you run out of electrical charge

**Specialist Repairer:** your electric car will be taken to the nearest specialist repairer in the event of a breakdown due to a mechanical fault

**Replacement Car:** In the event of an accident, we will provide a free replacement car (an electric car where possible) for up to 10 days

### Charging Cables

- We provide cover for loss or damage to your electric car charging cable for up to €650 or 10% of the current value of the electric car (whichever is the lower)

### Charge Cards

- We will cover the cost of replacing your electric car charge card in the event of loss or theft of the card (up to two charge cards in any one period of insurance)
