

Prisma 3

Launch Date	11th October 2013
Fund Size	€677 million

Fund Description

The Prisma 3 Fund is an actively managed fund which aims to achieve growth through capital gains and income from investing across a diversified range of global asset classes - equities, bonds, property, commodities, cash and alternative assets. The strategic and tactical asset allocation strategies employed by the fund managers aim to generate long-term capital growth while targeting a volatility range of 2% - 5% over a rolling 5 year period. This fund invests some of its assets outside the eurozone so a currency risk arises for a euro investor. As the fund is managed from the point of view of a euro investor any currency hedging that may be conducted will be into euros. This fund is managed by Zurich Life.
